

# 2022 IMPACT REPORT

## VISION

An equitable future for public education across Boulder Valley's public schools.

We equalize opportunity, bolster academic success, and galvanize community engagement to create lasting change. Through our investments, we address systemic barriers that impact students based on socioeconomic status, race, gender, class and other marginalized identities.

## OUR MISSION

To support Boulder Valley public school students with community funding and resources in order to meet critical needs and eliminate opportunity gaps.

## VALUES

Champion for students  
Equity-driven  
Oriented towards possibility  
Catalytic  
Grounded in integrity

The Boulder Valley School District (BVSD) covers more than 500 square miles from the peaks of the Continental Divide to the suburbs of Denver, and includes:

29,000  
STUDENTS

56  
SCHOOLS

4,000  
EDUCATORS

Colorado spends

**\$3,087**

below the national average per pupil

The opportunity gap in BVSD is one of the widest in the State of Colorado.

### WHAT IS THE OPPORTUNITY GAP?

It means student academic success is highly impacted by uncontrollable factors like race and economic & family situations.

Our 2022 investment to support BVSD

**\$3,500,000**

Access to early learning, including reading and math, is not equitably available to all children who will enroll in the district.

170

STUDENTS

80

LEARNING HOURS

3

LOCATIONS

We partnered with BVSD to fund summer learning for incoming Kindergarteners. Each student enrolled in **Kinder Bridge** saw growth on their kindergarten readiness assessment, learning letter recognition, counting, letter sound formation and recognition, name-writing, and executive functioning and social emotional learning skills.

WE PROVIDE

# EARLY CHILDHOOD EDUCATION

School readiness can significantly impact everything from reading at grade level to graduating high school to being career ready later in life.

- Center for American Progress

On behalf of generous families and community organizations committed to supporting public education, we awarded **\$40,000 in scholarships** to seven high school seniors.

We worked closely with BVSD to implement **GradPlus**, breaking down barriers between traditional academics and career and technical education.

WE PROVIDE  
**COLLEGE  
& CAREER  
READINESS**

Our **Career Readiness Academy**, a series of after-school workshops, helped underrepresented BVSD high school students find and communicate their strengths in order to attain professional opportunities.

STUDENTS

8  
WORKSHOPS

35  
VOLUNTEERS

“As the workplace continues to evolve, it’s more important than ever to help students find their purpose and communicate their value to potential employers. Impact on Education is committed to helping all BVSD students find their path to success.”

*Amy Batchelor, Anchor Point Foundation*

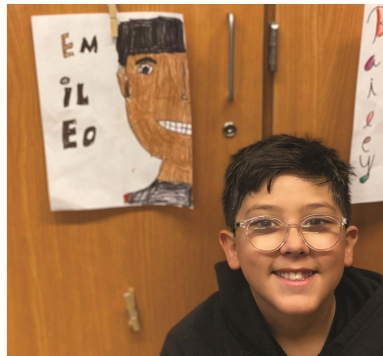

WE PROVIDE

## LEARNING TOOLS

When families face difficult financial decisions or tradeoffs, such as buying groceries or school supplies, it can impact a student's success in the classroom and in life.

**Ensuring every student has access to school supplies creates equitable classrooms across all grade-levels.**

Our school supply distribution, **Crayons to Calculators**, provided age-appropriate school supplies, headphones, and a backpack to **8,000 students facing financial hardship**.

## Facilitated distribution of \$80,000 in Target school supplies to BVSD

We picked up a lot of school supplies, mostly for our classroom teachers, but we also grabbed some fun items for our school Giving Tree. Everything will be put in the hands of BVSD students, especially those most in need.

*Candace G., Community Liaison @ Fireside Elementary*

## MULTICULTURAL ART SUPPLIES

We funded and distributed multicultural art supplies to every elementary and middle school in BVSD, allowing students to more accurately reflect themselves and others in their art and other work.

Providing opportunity to BVSD students reduces the economic barriers to academic success.

Our **Academic Opportunity Fund** provides resources to educators and schools through grants that enable all students to fully engage in learning.

145  
GRANTS

\$245,123  
AWARDED

38  
SCHOOLS

One grant will provide school-based tutoring to over 150 first-generation Latinx students at Boulder and Fairview High School enrolled in the Adelante! program.

*Adelante! encourages and inspires college and career readiness for first-generation and low-income students.*

WE PROVIDE

**ACADEMIC  
OPPORTUNITY**

We provide supplemental funding and resources to students and educators in order to expand what's possible in education.

6,000 students provided with intensive **mental health support**

**\$50,000 financial assistance** deployed to displaced BVSD staff

600 backpacks of **new school supplies** for impacted students

300 families given **transportation stipends** to get displaced students to school

\$60,000 in **replacement materials**, academic, athletic and musical

\$50,000 in **gift cards and comfort kits** for 900 impacted students and families

Our swift and agile response to the Marshall Fire directly supported over 1,000 displaced students and 100 staff members in BVSD.

WE PROVIDE

**CRISIS  
RESPONSE**

“

*Impact on Education is there for us in our moments of greatest need.*

*Dr. Rob Anderson, BVSD Superintendent*

”

For impacted families we continue to fund free school meals, transportation expenses to and from school, 1:1 virtual tutoring, and after school care.

We funded the hire of four Mental Health Advocates to support students at the seven schools most impacted by the fire.

We funded RESeT Fairview Day, a student-led conference that allowed students to engage in a variety of learning activities focused on prevention, mental health, self care and leadership.

We provided targeted professional development to 72 School Age Care staff who work with students before and after school.

We funded school-based requests to provide mental health professional development to BVSD educators through our Academic Opportunity Fund.

“

Each person has a different starting point and a different social and community safety net, which means the same disaster affects each person differently. Our partnership with Impact on Education allowed BVSD to quickly increase the mental health support available to students impacted by the Marshall Fire.

*Sally Ray, Center for Disaster Philanthropy*

”

WE PROVIDE

## MENTAL HEALTH RESOURCES

We invested over \$800,000 this year to support the ongoing mental health needs of students and staff throughout BVSD.

# OUR 40 YEAR HISTORY

Founded in

1983

## WE ARE BVSD'S SUPPORT SYSTEM

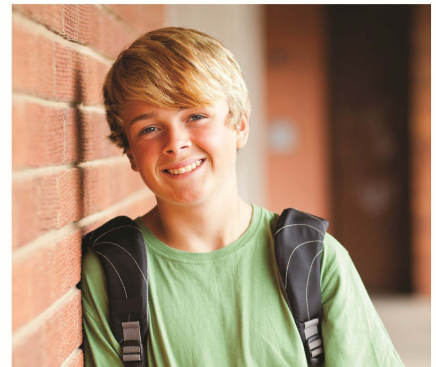

Working with donors and community stakeholders, we provide educators professional development opportunities and students access to a broad swath of educational opportunities.

**Our commitment to creating opportunity for success, from preschool through graduation, supports young people furthest from resources.**

We invest approximately 90% of our program funds to address inequities and support the 6,500 BVSD students from low-income households.

One of our greatest strengths is our ability to adapt to the changing and evolving needs of students and our community.

SUPPORT OUR WORK

We're proud of how you supported our work this year and the many ways these investments impacted students and families in our community. It's through the dedication of many that we've created lasting change in BVSD this year.
